

Participant Pictorial Information Sheet

Platform Randomised trial of Interventions against COVID-19 In older people

PRINCIPLE Trial

Platform Randomised trial of Interventions against COVID-19 In older people

Pictorial Participant Information Booklet v1.0, 20th April 2020,

EudraCT number:2020-001209-22

Professor Christopher Butler IRAS Project no.: 281958 REC Reference no.:20/SC/058

What is the trial about?

	1.	COVID-19 is caused by a new virus that is spreading quickly in many countries.
	2.	Being infected with the virus is more likely to cause more serious problems if you are older, or you have medical problems such as high blood pressure or heart disease.
	3.	At the moment, we do not have treatments for COVID-19 that we know definitely work.

EudraCT number:2020-001209-22

Professor Christopher Butler IRAS Project no.: 281958 REC Reference no.:20/SC/058

What are the benefits of taking part?

	21.	You will be contributing to important research to find effective treatments for COVID-19.
	22.	We have designed the trial so that whilst the trial is ongoing, if we find that one treatment is more effective, more people might receive this treatment. This means that more people in the trial have a chance of receiving
